INTRODUCTION

This is a word in *italics* and this is in **bold**. The following is a list of numbered items or steps:

1. Do the first thing.
2. Do the second thing.

Here is a bulleted list:

- Thing 1
- Thing 2

1.1 Images

Here's how you include an image.

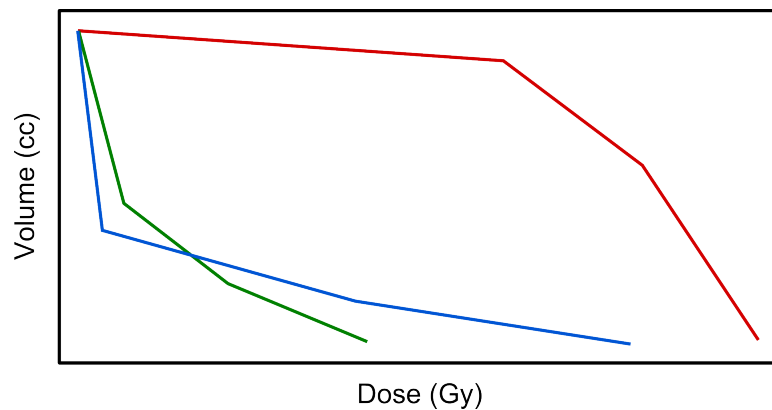

Figure 1.1: Here is the figure caption.

1.2 References

You can reference different parts of a document (even across files) by labeling it, as done in this section, and reference it like this: *References*.

1.3 Math

You can include complex math using LaTeX syntax:

$$E(p) = \frac{1}{Y} \sum_{j=1}^m y_j E(f_j)$$

which is rendered on its own line, but you can include inline math like this: $m = 10$.
